BURGEMEESTERS-BEGROTINGSREDE 2015/2016
LANGEBERG MUNISIPALITEIT
28 MEI 2015

Mnr, die Speaker, die 2015/16 begroting het voor die Raad gedien op 25 Maart 2015.

Daarna het 'n uitgebreide gemeenskapsdeelname- en konsultasie-proses gedurende April en Mei 2015 gevolg, waartydens die begroting aan al die wykskomitees binne die munisipale area voorgelê is, sowel as aan NROs en die Sakekamer. Die begroting is ook aan die Nasionale en Proviniale Tesourie voorsien vir kommentaar en insette. Die begroting is goed ontvang. Proviniale Tesourie het die volgende opmerkings oor die begroting gemaak:

Geloofwaardigheid en volhoubaarheid van die begroting

- Die munisipaliteit het, ongeag geweldige druk in die Suid-Afrikaanse ekonomie - wat in baie gevalle fiskale uitdagings aan vele munisipaliteite stel, 'n geloofwaardige, volhoubare en toepaslike begroting voorgelê.
- Die munisipaliteit het 'n begrotings-tekort vir die 2015/16 MTREF periode voorgehou, wat hoofsaaklik deur die nie-kontant items, naamlik skuld-inkorting, waardevermindering en waardedaling van bates veroorsaak word.
- Die begroting spreek die lot van armes aan met voldoende subsidies en kortings aan deernis-gevalle, hulpbehoewende huishoudings en pensioenaris. Groot kapitaalbesteding is bewillig vir infrastruktuur, wat die prioriteit van die NOP om ekonomiese groei te verhaas, ongelykhede te verminder en om armoede uit te wis, aanspreek. Die begroting is egter nie duidelik oor hoe dit agterstande aanspreek nie.
- Die munisipaliteit word geprys vir die hoë vlak voldoening/nakoming wat handhaaf word, maar kan verder verbeter deur ook die Geïntegreerde Afvalbestuursplan, Lug-kwaliteit Bestuursplan en die uitstaande begrotings-verwante beleide, soos aangedui in die skrywe wat aan die munisipaliteit gerig was op 11 April 2014, in te dien.
- Die munisipaliteit het skoon oudit uitsprake vir die vorige finansiële jaar ontvang, wat 'n aanduiding is van goeie korporatiewe en finansiële bestuur.
- Die begroting wat voorgelê is, is op realistiese begrotings-aannames en goeie begrotings-beplanning geskoei, soos vorige begrotingsprestasies ook uitwys.

Speaker, die insette oor die begroting ontvang, asook die munisipaliteit se reaksie daarop, is in die verslag aan die Raad vervat. Die begroting is in die algemeen goed deur die gemeenskap ontvang. Sommige van die kwessies is die volgende:

1. Die verhoging van die begroting met 7% vir indiensnemings-verwante kostes

Speaker, die salarisverhoging vir 2015/16 is nog nie op nasionale vlak deur die Bedingsraad, tussen SALGA en die Werknemerunies, afgehandel nie.

2. Implementering van 'n uniforme elektrisiteits-tarief vir dorps- en landelike verbruikers

'n Ondersoek na uniforme elektrisiteits-tariewe is gedurende die 2014-15 finansiële jaar geloods, vir implementering met ingang van 1 Julie 2015.

Speaker, vergun my om die volgende opvallende kenmerke van hierdie begroting uit te wys:

1. Verlaging van belasting

Die gemiddelde verlaging van belasting vir die onderskeie eiendomskategorieë is soos volg:

- i) Residensiële eiendomme: -2%
- ii) Besigheids- / Algemene eiendomme: -2.7%
- iii) Bona fide boere: -18.2%
- iv) Gemeenskap-weldoener Organisasies: -18.2%

2. Tariefverhogings

Die gemiddelde tariefverhogings is soos volg:

- i) Water-tariewe: 8%
- ii) Sanitasie-tariewe: 8%
- iii) Vullisverwydering: 10%
- iv) Elektrisiteits-tariewe: 12.8%

3. Diverse Tariewe

Die tariewe vir gemeenskapsale en sportfasiliteite is nou verhoog tot 6%. Dit het duidelik geword dat ons tariewe uiteraard laag is en dat daar, daarom, nie genoeg geld is om hierdie fasiliteite behoorlike te onderhou nie. Hierdie tariewe sal geleidelik verhoog word totdat werklike uitgawes bereik word.

MAYORAL BUDGET SPEECH 2015/2016 LANGEBERG MUNICIPALITY 28 May 2015

Mr Speaker, the 2015/16 budget has been tabled at the Council meeting on 25 March 2015.

Since then an extensive public participation and consultation process was followed during April and May 2015 whereby the budget was presented to all ward Committees in the municipal area as well as to NGOs and Business Chamber. The budget was also provided to National and Provincial Treasury for comment and input. The budget was well received. Provincial Treasury had the following comments on the budget:

Credibility and sustainability of the budget

- The municipality has tabled a credible, sustainable and relevant budget amidst the severe pressures in the South African economy, which in many instances translate into fiscal challenges for many municipalities.
- The Municipality tabled a deficit budget for the 2015/16 MTREF period which is mainly caused by the non-cash items, namely debt impairment, depreciation and asset impairment.
- The budget articulates the plight of the poor with adequate subsidies and rebates to indigents, poor households and pensioners. Major capital spending is appropriated towards infrastructure, addressing the NDP priorities to accelerate economic growth, reduce inequality and to eliminate poverty. However, the budget is not explicit on how it addresses backlogs.
- The municipality is commended for maintaining a high level of compliance but can improve further by submitting the Integrated Waste Management Plan, Air Quality Management Plan and outstanding budget related policies as indicated in the letter that was sent to the Municipality on 11 April 2014.
- The municipality received clean audit findings for the past financial year which is indicative of good corporate and financial management.
- The tabled budget is based on realistic budget assumptions and good budget planning, which is also evident from the past budget performances.

Speaker, the input received on the budget as well as the municipal response is included in the report to Council. Generally the budget was well received by the public. Some of the concerns are as follows:

1. The increase of budget for employment related costs of 7%.

Speaker, the salary increase for 2015/16 has not yet been finalized by the Bargaining Council on a National level between SALGA and the trade unions.

2. Implementing a uniform electricity tariff for town and rural consumers.

An investigation regarding uniform electricity tariffs has been commissioned during the 2014-15 financial year for implementation as from 1 July 2015.

Speaker, please allow me to point out the following salient features of this budget:

1. Decrease of Rates

The average decrease of rates for the various property categories are as follows:

- i) Residential properties: -2%
- ii) Business/General properties: -2.7%
- iii) Bona fide farmers: -18.2%
- iv) Public Benefit Organizations: -18.2%.

2. Tariff Increases

The average increases for tariffs are as follows:

- i) Water Tariffs: 8%.
- ii) Sanitation Tariffs: 8%.
- iii) Refuse Removal: 10%
- iv) Electricity Tariffs: 12.8%.

3. Sundry Tariffs:

Tariffs for community halls and sporting facilities have been increased by 6%. It has become clear that our tariffs are extremely low, hence there is not enough money to maintain these facilities properly. However, these tariffs will be gradually increased until we catch up with the actual expenditure.
