That the application received from Umsiza Planning on behalf of Bussell to purchase & close a portion of street reserve (4392m²) situated in Montagu is not approved taking into consideration comments received from the Manager: Town Planning:

1. That this road reserve is currently not required to give access to the 3 large industrial erven abutting it (erf 1778 to the north, erf 5789 to the south and erf 4403 to the east), it will be needed to give proper access to possible future subdivisions and development of these erven.
2. The road was designed to form an internal link through the industrial area from Barlinka Street in the west, via the road to the east of erf 1778, to Muskadel Street. If it is closed, the road from Muskadel Street, between erven 1778 and 4403) will be turned into a cul-de-sac, which is not ideal in terms of providing access and flow of traffic in an industrial area, should the vacant industrial land be developed in future.
