The IDP & Budget Process Plan: What you need to know

The Integrated Development Plan (IDP), as the key tool for the municipality to tackle its developmental role, represents a continuous cycle of development, planning, implementation and review. Implementation started after the adoption of the 1st Generation IDP in 2006. Currently, the municipality operates in the 4th Generation IDP. The IDP is the strategic plan with a cycle period of five years. During its five-year life cycle, the IDP is reviewed and updated annually.

The Annual Budget, in turn, provides the Medium-Term Revenue & Expenditure Framework (MTREF) which sets out the financial path for the ensuing three years.

What is the purpose of the IDP & Budget Process Plan?

The IDP and Budget Process Plan

seek to address, among other things, the:

- Identification of areas requiring additional attention in terms of legislative requirements, proper planning processes and sound financial management;
- Inclusion of the most current Census and own statistical data;
- Consideration and review of any relevant and new information;
- Comments received from the various role-players;
- Shortcomings and weaknesses identified through self-assessment;
- Preparation and review of sector plans and its alignment with the IDP;
- Preparation and review of the Performance Management System (PMS);
- Updating of the 5-year Financial Plan; and

- Preparation and finalisation of the annual budget in terms of all relevant legislation.

What is the IDP & Budget Process Plan?

In order to ensure minimum quality standards of the IDP and Budget process – and a proper coordination between and within spheres of government – the preparation of the IDP and Budget Process Plan has been regulated by both the Municipal Systems Act and the MFMA.

In terms of Section 28 of the MSA, Council must adopt an IDP and Budget Process Plan. Section 29 of the MSA specifies that such a process plan must include:

- Programs that set out time frames for the different planning steps;
- Appropriate mechanisms, processes

and procedures for consultation with:

- Local communities, both in terms of needs and priorities as well as consultation during development;
- Organs of state, traditional authorities, and other role-players in the drafting process; and
- Binding plans and planning requirements, i.e. policy and legislation.

The table on page 2 highlights the six steps, with a concise description of each step.

Local municipalities are required by law to consult and report back to communities on their planned activities as well as their performances, so that communities are afforded the opportunity to voice their opinions on the day-to-day functioning of the municipality.

The IDP & Budget Process Plan: What you need to know

Continued from page 1
How do I participate?
The review process incorporates public participation, allowing residents to highlight and prioritise their

development needs. The Langeberg Municipality encourages residents to participate to ensure that their needs are made known. Once the IDP Process Plan is approved by the Local

Municipal Council, it will be made available for inspection and comments from the public. Residents are informed by way of a notice placed in the local newspaper, the municipal

website and SMS notifications. For more information on the IDP & Budget Process Plan please contact Mr J Mfutwana at 023 626 8223 or via e-mail jmfutwana@langeberg.gov.za

Steps		Process
1	Planning	Schedule key dates, establish consultation forums, review previous processes
2	Strategising	Review the IDP, set service delivery objectives for next 3 years, consult on tariffs, indigents, credit control, free basic services etc., and consider local-, provincial- and national issues, the previous year's performance and current economic and demographic trends etc.
3	Preparing	Prepare the Budget, revenue and expenditure projections; draft Budget policies; consult and consider local-, provincial- and national priorities
4	Tabling	Table the draft IDP, the draft Budget and Budget-related policies before council; consult and consider local-, provincial- and national inputs or responses
5	Approving	Council approves the IDP, the Budget and related policies
6	Finalising	Publish the IDP, Budget and approve the SDBIP and performance targets

Die GOP en begrotingsprosesplan: Wat jy moet weet

Die Geïntegreerde Ontwikkelingsplan (GOP) as sleutelinstrument vir die munisipaliteit om sy ontwikkelingsrol te vervul, is 'n voortdurende siklus van ontwikkeling, beplanning, implementering en hersiening.

Die implementering het ná die ingebruikneming van die eerstegenerasie-GOP in 2006 begin. Die munisipaliteit is tans in die vierdegenerasie-GOP. Die GOP is die strategiese plan in 'n siklustydperk van vyf jaar. Die GOP word elke jaar in sy vyf-jaar-lewensiklus hersien en bygewerk.

Die jaarlikse begroting bied op sy beurt die raamwerk vir mediumtermyninkomste en -uitgawes (MTREF) wat die finansiële weg vir die daaropvolgende drie jaar uiteensit.

Die GOP en die begrotingsprosesplan poog om onder meer aandag te gee aan die volgende:

Wat is die doel van die GOP en die begrotingsprosesplan?

- Identifisering van gebiede wat addisionele aandag benodig ten opsigte van wetlike vereistes,

behoorlike beplanningsprosesse en gesonde finansiële bestuur;

- Die insluiting van die nuutste sensus- en eie statistiese gegewens;
- Oorweging en hersiening van verwante en nuwe inligting;
- Kommentaar wat van al die verskillende rolspelers ontvang is;
- Tekortkominge en swakhede wat deur selfassessering geïdentifiseer word;
- Voorbereiding en hersiening van sektorplanne en die aansluiting daarvan by die GOP;
- Voorbereiding en hersiening van die prestasiebestuurstelsel (PMS);
- Opdatering van die vyfjaar-finansiële plan; en
- Die voorbereiding en afhandeling van die jaarlikse begroting ingevolge alle toepaslike wetgewing.

Wat is die GOP en die begrotingsprosesplan?

Ten einde die minimum gehaltestandaarde van die GOP en die begrotingsproses te verseker – en 'n behoorlike koördinasie tussen en in die verskillende regeringsfere – is die

voorbereiding van die GOP en die begrotingsprosesplan deur beide die Wet op Munisipale Stelsels en die MFMA gereguleer.

Ingevolge Artikel 28 van die MSA, moet die Raad 'n GOP en 'n begrotingsprosesplan aanneem. Artikel 29 van die MSA spesifiseer dat só 'n prosesplan die volgende moet insluit:

- Programme wat tydsraamwerke vir die verskillende beplanningstappe uiteensit;
- Toepaslike meganismes, prosesse en prosedures vir konsultasie met: Plaaslike gemeenskappe ten opsigte van behoeftes en voorkeure, sowel as konsultasie gedurende ontwikkeling; staatsinstellings, tradisionele owerhede en ander rolspelers in die opstelproses en bindende planne en beplanningsvereistes, dit wil sê die beleid en wetgewing.

Die onderstaande tabel belig die ses stappe, met 'n presiese beskrywing van elke stap. Plaaslike munisipaliteite word deur die wet verplig om oor hul beplande

aktiwiteite sowel as hul optredes te konsulteer en aan gemeenskappe verslag te doen, sodat gemeenskappe die geleentheid kry om hul mening te lug oor die daaglikse werking van die munisipaliteit.

Hoe neem ek deel?

Die hersieningsproses sluit openbare deelname in, waardeur inwoners hul ontwikkelingsbehoefte kan uitlig en voorkeur daaraan gee.

Die Langeberg-munisipaliteit moedig inwoners aan om deel te neem om te verseker dat hul behoeftes bekend gemaak word. Sodra die GOP-prosesplan deur die plaaslike munisipale raad goedgekeur is, sal dit beskikbaar gestel word vir inspeksie en kommentaar van die publiek.

Inwoners word deur middel van 'n kennisgewing in die plaaslike koerant, die munisipale webwerf en SMS-kennisgewings daaroor ingelig.

- Skakel J. Mfutwana by 023 626 8223 of stuur 'n e-pos na jmfutwana@langeberg.gov.za vir nog inligting oor die GOP en begrotingsprosesplan.

Stappe		Proses
1	Beplanning	Beplan sleuteldatums, stel konsultasieforums op, hersien vorige prosesse.
2	Strategie	Hersien die GOP, stel diensleweringsdoelwitte vir die volgende drie jaar op, bespreek tariewe, behoeftiges, kredietbeheer, gratis basiese dienste, ens., en neem plaaslike, provinsiale en nasionale kwessies, die vorige jaar se vertoning en huidige ekonomiese en demografiese neigings, ens. in ag.
3	Voorbereiding	Berei die vooruitskattings vir die begroting, inkomste en uitgawes voor; stel konsepbegrotingsbeleide op; raadpleeg en oorweeg plaaslike, provinsiale en nasionale prioriteite.
4	Tertafellegging	Lê die konsep-GOP, die konsepbegroting en begrotingsverwante beleidsrigtings aan die raad voor en raadpleeg en oorweeg plaaslike, provinsiale en nasionale insette of reaksie.
5	Goedkeuring	Die raad keur die GOP, die begroting en verwante beleidsrigtings goed.
6	Finalisering	Publiseer die GOP, doen die begroting en keur die SDBIP en prestasieteikens goed.

BUSINESSES ENCOURAGED TO REGISTER

Langeberg moves to the Central Supplier Database

The Langeberg Municipality will soon start the transition to the Central Supplier Database (CSD) for all business with prospective suppliers. This means all suppliers, currently registered on the Langeberg Supplier Database, who are not registered on the CSD, will have to do so, should they wish to do business with the municipality in future.

The CSD was created to provide a comprehensive and consolidated supplier database for National, Provincial and Local Government, without causing duplication and fragmentation of supplier information across the different spheres of government.

Prospective suppliers interested in pursuing opportunities with Langeberg Municipality and within the South African government, are encouraged to register on the Central Supplier Database website, www.csd.gov.za. The CSD website also hosts the E-Tender Portal, which provides suppliers access to business opportunities. After submission, your details will be assessed for inclusion on the Central Supplier Database.

Once the information has been verified with external data sources, a

Local business are encouraged to register on the Central Supplier Database

unique supplier number and security code will be allocated and communicated to the supplier. Suppliers will be required to keep

their data updated regularly and should confirm at least once a year that their data is still current and updated. Automatic re-verification of relevant supplier data against SARS, CIPC, etc. will be done regularly (daily, weekly, monthly), as required.

- What is the CSD?**
- A single database that serves as the source of all supplier information for all spheres of government,
 - A way of simplifying the process of doing business with government,
 - It enables electronic registration and verification processes,
 - It reduces the exchange of compliance documents in paper form,
 - It eliminates multiple registrations with different organs of state,
 - It reduces the cost for both business and government.

- What will be required from suppliers to register?**
- All suppliers are required to supply information on the CSD website and must ensure that it is complete, accurate and comprehensive. The following information will be required:
- Supplier identification information e.g. supplier type, identification number, supplier name, trading name

- and country of origin;
- Supplier contact information namely preferred contact name, preferred communication method, email address, cell phone number, telephone number, etc.;
 - Supplier address information: country, province, municipality, city, suburb, ward and postal code;
 - Bank account information;
 - Supplier tax information, for example valid tax number;
 - Ownership information, like name and identification number of directors, members and so forth.;
 - Association to any other suppliers e.g. branch, consortium member ad infinitum; and
 - Commodities the supplier can supply.

Please note that a valid email address, identity number, cell phone number and bank account details are mandatory for registration on the CSD.

- Who can be contacted for further information on the CSD?**
- National Treasury at 012 406 9222 or e-mail csd@treasury.gov.za
 - Langeberg Municipality (Mr. Allister Regue) at 023 615 8000 or aregue@langeberg.gov.za

Supplier Self-Registration Process

SAKEONDERNEMINGS AANGEMOEDIG OM TE REGISTREER

Langeberg skuif na sentraleverskafferdatabasis

Die Langeberg-munisipaliteit begin binnekort met die oorgang na die sentrale verskaffersdatabasis (CSD) vir alle sakeondernemings met voornemende verskaffers. Dit beteken dat alle verskaffers, wat tans op die Langeberg-verskafferdatabasis geregistreer is en wat nie op die SSD geregistreer is nie, dit sal moet doen as hulle in die toekoms sake met die munisipaliteit wil doen.

Die CSD is geskep om 'n uitgebreide en gekonsolideerde verskafferdatabasis vir die nasionale, provinsiale en plaaslike regering te voorsien sonder om duplisering en fragmentering van verskafferinligting oor die verskillende regeringsfere te veroorsaak.

Voornemende verskaffers wat

belangstel om geleenthede by die Langeberg-munisipaliteit en binne die Suid-Afrikaanse regering te benut, word aangemoedig om op die sentrale verskafferdatabasis-webwerf, www.csd.gov.za, te registreer. Die CSD-webwerf bied ook die e-tenderportaal aan wat verskaffers toegang tot sakegeleenthede bied. Ná die indiening sal jou besonderhede beoordeel word vir insluiting in die sentrale verskafferdatabasis.

Sodra die inligting met eksterne databronne geverifieer is, sal 'n unieke verskaffernommer en sekerheidskode toegeken en aan die verskaffer gekommunikeer word. Verskaffers moet hul data gereeld bywerk en moet ten minste een keer per jaar bevestig

dat hul data steeds van toepassing en opgedateer is. Outomatiese herverifiëring van verwante data oor verskaffers teen SARS, CIPC, ens. sal, soos nodig, gereeld (daaglik, weeklik, maandeliks) gedoen word.

Alle verskaffers moet hul inligting op die CSD-webwerf verskaf en toesien dat dit volledig, akkuraat en omvattend is.

Die volgende is onder die vereiste inligting:

- 'n Enkele databasis wat dien as die bron van alle verskafferinligting vir alle regeringsfere.
- 'n Manier om die proses om sake met die regering te doen, te vereenvoudig.
- Dit maak elektroniese registrasie- en verifiëringsprosesse moontlik.

- Dit verminder die uitruil van voldoeningsdokumente in papiervorm.
- Dit skakel veelvuldige registrasies met verskillende staatsorgane uit.
- Dit verlaag die koste vir sowel die onderneming as die regering.

Wat word van verskaffers verlang om te registreer?

Let asseblief daarop dat 'n geldige e-posadres, identiteitsnommer, selfoonnommer en bankrekeningbesonderhede verpligtend is vir registrasie op die SSD.

Wie om te skakel vir meer inligting?

- Nasionale tesourie by 012 406 9222 of per e-pos na csd@treasury.gov.za
- Langeberg-munisipaliteit (Allister Regue) by 023 615 8000 of aregue@langeberg.gov.za
