

**EXPENDITURE ON 2023/2024 BUDGET MEASURED BY THE TOP LEVEL SDBIP FOR THE THIRD QUARTER (5/1/3) (DIRECTOR: STRATEGY AND SOCIAL DEVELOPMENT)**

**Purpose of report**

To submit a report to council on the progress made on the implementation of 2023/2024 approved Budget as measured in the approved Top level SDBIP.

**Background**

Section 52 (d) of the Municipal Finance Management Act, 56 of 2003, requires that a Mayor must, within 30 days of the end of each quarter, submit a report to the council on the implementation of the budget and the financial state of affairs of the municipality.

This report informs Council on a quarterly basis of the expenditure and performance in the Budget.

**Comments:**

The relevant documentation will be provided separately.

**Recommendation**

That Council notes the content of the report.

**This item served before the Executive Mayoral Committee on 25 April 2024**

**Hierdie item het voor die Uitvoerende Burgemeesterskomitee gedien op 25 April 2024**

**Aanbeveling / Recommendation**

That Council notes the content of the report.

**This item served before an Ordinary Meeting of Council on 02 May 2024**

**Hierdie item het gedien voor 'n Gewone Vergadering van die Raad op 02 Mei 2024**

**Eenparig Besluit / Unanimously Resolved**

That Council notes the content of the report.

2023/2024

# TOP LEVEL SDBIP REPORTING

SERVICE DELIVERY AND BUDGET  
IMPLEMENTATION PLAN

---

QUARTER 3

## Table of content

1. Council resolution.....	1-2
2. Introduction .....	3

5.1 Summary of preliminary and unaudited performance per strategic objective	
6. Annexure A: Quarter 3 Top layer SDBIP Report – January- March 2024.....	7- 12

**EXPENDITURE ON 2023/2024 BUDGET MEASURED BY THE TOP LEVEL SDBIP FOR THE THIRD QUARTER**  
**(5/1/3) (DIRECTOR: STRATEGY AND SOCIAL DEVELOPMENT)**

**Purpose of report**

To submit a report to council on the progress made on the implementation of 2023/2024 approved Budget as measured in the approved Top level SDBIP.

**Background**

Section 52 (d) of the Municipal Finance Management Act, 56 of 2003, requires that a Mayor must, within 30 days of the end of each quarter, submit a report to the council on the implementation of the budget and the financial state of affairs of the municipality.

This report informs Council on a quarterly basis of the expenditure and performance in the Budget.

**Comments:**

The relevant documentation will be provided separately.

**Recommendation**

That Council notes the content of the report.

According to Council Resolution A2999 dated 24 June 2014 the System of Delegations states as follows:

**113     Emergency Decision-making**

1.     *To decide on and acts in cases requiring an immediate decision, in consultation with the Executive Mayor or Deputy Mayor or Speaker. If the Executive Mayor or Deputy Mayor or Speaker is not available, then only in exceptional cases the Municipal Manager may act on his/her own initiative.*
  - a)     *This delegation may only be exercised in an emergency or in exceptional circumstances which may severely prejudice and have a detrimental impact on the Municipality and/or its residents, without detracting from the principle of accountability.*
  - b)     *This power cannot be delegated or sub-delegated and whenever it is exercised, a report must be submitted to Council as soon as possible.*

This report has been approved by:

**ALD S W VAN EEDEN**  
**EXECUTIVE MAYOR**

30/8/24

**D P LUBBE**  
**MUNICIPAL MANAGER**

**Eenparig Besluit / Unanimously Resolved**

That Council notes the content of the report.

## 2. Introduction

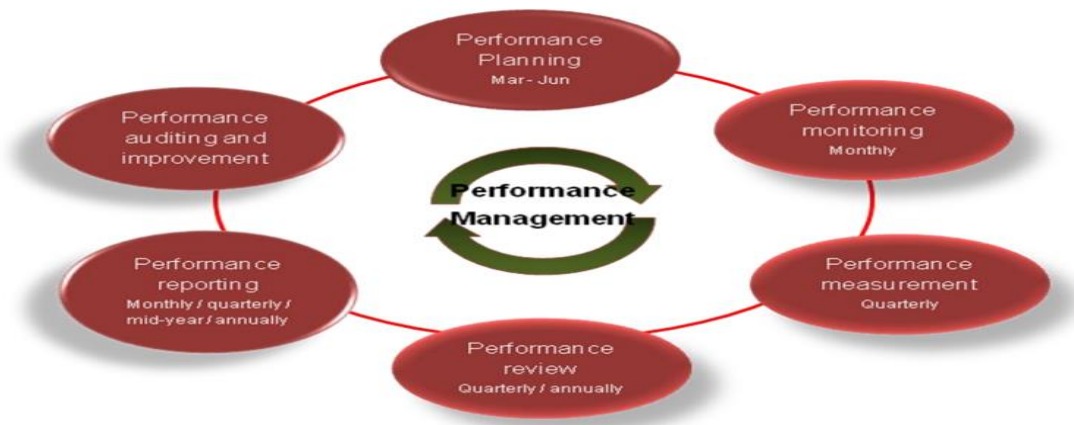

Performance management is a process which measures the implementation of the organisation's strategy. It is also a management tool to plan, monitor, measure and review performance indicators to ensure efficiency, effectiveness and the impact of services delivery by the municipality.

At local government level performance management is institutionalized through the legislative requirements on the performance management process for Local Government. Performance management provides the mechanism to measure whether targets to meet its strategic goals, set by the organisation and its employees, are met.

In terms of the section 72 (1) (a) and 52 (d) of the Local Government Municipal Finance Management Act (MFMA), 56 of 2003 the accounting officer must by 25 January of each year assess the performance of the municipality during the first half of the financial year. A report on such assessment must in terms of section 72 (1) (b) of the MFMA be submitted to the Mayor, Provincial treasury and National treasury.

## 3. Performance management Analysis

The performance management cycle can be summarised in the following diagram and each cycle is addressed in the remainder of the recently approved Langeberg municipality performance management framework:

Each of the above cycles can be explained as follows:

- Performance Planning ensures that the strategic direction of the Municipality more explicitly informs and aligns the IDP with all planning activities and resource decisions. This is the stage where Key Performance Areas and Key Performance Indicators are designed to address the IDP objectives, national policy and targets are set.
- Performance Measuring and Monitoring is an ongoing process to determine whether performance targets have been met, exceeded or not met. Projections can also be made during the year as to whether the final target and future targets will be met. It occurs during key points in a process – for example, on a quarterly and annual basis.
- Performance evaluation analyses why there is under-performance or what the factors were, that allowed satisfactory performance in a particular area. Where targets have not been met, the reasons for this must be examined and corrective action recommended. Evidence to support the status is also reviewed at this stage. An additional component is the review of the indicators to determine if they are feasible and are measuring the key areas appropriately.
- Performance Reporting entails regular reporting to management, the performance audit committee, council and the public.
- Performance review/auditing is a key element of the monitoring and evaluation process. This involves verifying that the measurement mechanisms are accurate and that proper procedures are followed to

evaluate and improve performance. According to section 45, of the Systems Act, results of the performance measurement must be audited as part of the municipality's internal auditing process and annually by the Auditor-General. The Municipality have therefore established frameworks and structures to evaluate the

effectiveness of the municipality's internal performance measurement control systems. Areas of weak performance identified at year-end must be addressed during the following years planning phase.

#### **4. Implementation of performance management – Top layer SDBIP**

##### **4.1. Preparing the Top layer SDBIP's**

KPI's should be developed for Council, the office of the Municipal Manager and for each Directorate. The KPI's should:

- KPI's should be developed for the programmes / activities identified to address the Strategic Objectives as documented in the IDP. The KPI's must be aligned with the national and municipal KPA's.
- KPI's identified during the IDP and KPI's that need to be reported to key municipal stakeholders should be included in the TL SDBIP to confirm alignment.
- KPI's should be developed to address the required National Agenda Outcomes, priorities and minimum reporting requirements. The KPI's must be aligned with the Strategic Objectives, and the national and municipal KPA's.
- The municipal turnaround strategy (MTAS) should be reviewed to determine any actions to be translated into KPI's and to be included in the TL SDBIP. These KPI's must be aligned with the Strategic Objectives, and the national and municipal KPA's.
- The risk register should be reviewed to identify the risks that need to be addressed by strategic KPI's. These KPI's should be developed and be aligned with the Strategic Objectives, and the national and municipal KPA's.
- It is also proposed that each directorate consider 2 KPI's that is output focused and that will make the municipality more developmental or enhance the effectiveness of the municipality.
- Clear quarterly targets should be set and the KPI's must be assigned to a senior manager. In the instance where a target will not be achieved during the current financial year, the target should be included in the outer years.
- These targets should be set after available resources and past year performance has been considered.

##### **4.2. Approval of Top layer SDBIP**

The municipal scorecard must be submitted to the Executive Mayor within 14 days after the SDBIP has been approved. The Executive Mayor needs to consider and approve the SDBIP within 28 days after the budget has been approved. The scorecard must be updated after the adjustment estimate has been approved and any changes to the scorecard must be submitted to Council with the respective motivation for the changes suggested, for approvals.

##### **4.3. Performance monitoring**

An evaluation of the validity and sustainability of the KPI's should be done and the actual performance results of each target should be updated and evaluated on a monthly basis. In order to measure the input/output of the KPI's, the performance results and performance evidence (POE's) should be evaluated and documented.

The KPI owners should report on the results of the KPI by documenting the following information on the performance system:

- The actual result in terms of the target set.
- The output/outcome of achieving the KPI.
- The calculation of the actual performance reported. (If %)

- The reasons if the target was not achieved.
- Actions to improve the performance against the target set, if the target was not achieved.

The municipal manager and his/her senior management team needs to implement the necessary systems and processes to provide the POE's for reporting and auditing.

Performance results are monitored and reviewed in terms of:

- Quarterly KPI monitoring sessions held by the Municipal Manager with all managers,
- Quarterly reports tabled before the Portfolio Committees of the Mayor,
- Quarterly reports tabled before the Executive Mayoral Committee and Council,

## 5. Summary of Performance against Top layer key performance indicators (KPI's)

The table below illustrates the overall actual performance for quarter 3 (January- March 2024).

overall actual performance for the quarter 3 (January- March 2024)

Colour	Category	Explanation
R	KPI Not Met	0% >= Actual/Target < 75%
O	KPI Almost Met	75% >= Actual/Target < 100%
G	KPI Met	Actual/Target = 100%
G2	KPI Well Met	100% > Actual/Target < 150%
B	KPI Extremely Well Met	Actual/Target >= 150%

SDBIP measurement criteria

### **5.1. Summary of preliminary and unaudited performance per strategic objective**

Detailed above illustrate preliminary and unaudited Top layer SDBIP report for the third quarter (January- March 2024) Top layer SDBIP report which measures the overall performance per strategic objective. The performance presented is subject to change based on the audit of the actual performance outcomes achieved. The final results will be included as part of 2023-2024 Annual Performance Report (as per section 46 (1)(b) of the Municipal systems) and it will be further incorporated as part of 2023-2024 Annual report. (as per section 46 (2) of the Municipal systems)
