

OFFICIAL CHARITY

The IRONMAN Foundation is proud to partner with the Absa Cape Epic as one of its official charity partners. Our mission is to have a tangible impact in communities where we race. Through this partnership, The IRONMAN Foundation will be providing a total of R75,000 in grant funding to support local nonprofit organizations who are making a difference in each of the following Absa Cape Epic host communities: Robertson, Worcester and Wellington. Interested organizations should complete the application no later than March 6th, 2018 through the below link for consideration of receiving a grant. Please note, completing an application does not guarantee that your organization will receive a grant.

All applicants to please ensure that they answer all of the questions and provide as many supporting documents as possible as incomplete or insufficient information will preclude you from consideration.

Also to note that whilst there is a total of R75 000 available in each town, your application need not be for the full amount but rather for an amount that would allow you to initiate or complete a project which would bring value to the community.

Successful applicants will be contacted by 18 March and there will be a ceremonial handover at each of the Absa Cape Epic race villages.
