Section 5 – Debtors' analysis

5.1 Supporting Table SC3

Debtors' age analysis

The value reflected in the Financial Position will not reconcile to the Debtors Age Analysis shown on Supporting Table SC3. The financial position includes the total annual billing to date and some debtor classifications which do not form part of the consumer debtors, whereas the age analysis only includes those consumer amounts which have become due and not the 'future' amounts which will only fall due in coming months for consumers who have chosen to pay property rates and annual charges on an instalment basis.
