UITGAWE 9:

Moving forward

Residents might notice that the Langeberg landscape is changing. That's because various exciting and important projects by the Langeberg Municipality are taking shape fast. Look out for the completion of the Montagu pedestrian bridge, the Zolani Pavilion and the Thusong Centre in the near future.

Waste removal on wheels

A wheelie bin system is being introduced in the Langeberg municipal area to reduce our carbon footprint in waste removal by doing away with the black bags. This is a multi-year capital project and will be rolled out over the course of the next five years to the entire Langeberg municipal area.

The system will first be rolled out to certain areas of Zolani and Robertson, where it will replace the black bag system. A total of 1 300 wheelie bins were purchased and are currently being distributed. The wheelie bins that are being distributed are clearly marked with LM (Langeberg Municipality) and the name of the town. On the side will be the erf number for each house to assist with identification. The bin will be issued free of charge. However, should your bin be damaged or stolen, it can be replaced at a cost of R450 per bin.

The wheelie bins will be reused and will reduce the number of plastic bags used on a weekly basis, which makes

'n Wheelie bin-stelsel gaan oor die volgende vyf jaar in die Langeberg-area uitgerol word. Die vuilnisverwyderingstelsel sal nog presies dieselfde as voorheen werk, behalwe dat vuilnis nou in die nuwe wheelie bin-houers geplaas gaan word, in plaas van swartsakke. Deurskynende sakke met herwinbare vuilnis kan bo-op die wheelie bins geplaas word.

Hiermee hoop die munisipaliteit om die area se koolstofvoetspoor te verminder omdat dit hergebruik word en die hoeveelheid plastieksakke wat weekliks gebruik word, sal verminder. Die wheelie bins kan drie keer soveel vuilnis as 'n swartsak hou.

it more environmentally friendly and are in line with the municipality's objective of steering towards an environmentally friendly and effective waste management system. The wheelie bins hold nearly three times as much refuse as the black bags: wheelie bins can take up to 240 litres, compared to black bags' 85 litres.

Currently the Langeberg Municipality is using the black

1 300 houers is reeds aangekoop en is besig om versprei te word. Die eerste verspreiding sal in Zolani en Robertson gedoen word. Die houers is duidelik gemerk met die letters LM (Langeberg Munisipaliteit) asook die erfnummer om identifikasie te vergemaklik. Die houers word aanvanklik gratis versprei, maar as dit beskadig word of wegraak, kan inwoners dit teen R450 per houers vervang.

Hoe om die wheelie bin te gebruik:

bag refuse collection system, which requires that each household place their full bags at the kerbside for collection. The wheelie bin system will work on the exact same concept but replaces the black bag. The clear bag that is distributed for recyclable products can be placed on top of the wheelie bin for collection.

How to use your bin:

- Do not put concrete, bricks, large stones or large pieces of metal in the bin.
- Do not put hot ashes or corrosive materials in the bin.
- Please try to recycle all recyclable waste by separating and placing recyclables in the clear bag provided. Do not place the clear bag in the wheelie bin.

For more information regarding waste removal, please contact the Department for Environmental Services on 023 615 8000.

- Moenie sement, stene, groot klippe of groot stukke metaal in die houers plaas nie.
- Moenie warm as of vretende stowwe in die houers plaas nie.
- Probeer asseblief herwinbare materiaal herwin deur dit van ander afval te skei en in die deursigtige sakke te plaas wat deur die munisipaliteit verskaf word. Moenie dié sak in die wheelie bin plaas nie.

Vir meer inligting oor vuilnisverwydering, bel die munisipaliteit se departement van omgewingsdienste by 023 615 8000.

Having fruitful talks

DR ROB DAVIES, Minister of Trade and Industry, attended a special session hosted by Langeberg and Ashton Foods on Monday, April 16, which focused on further relations between the private and public sectors. This session was also attended by Mr Gernit van Rensburg, MEC for Agriculture in the Western Cape.

The honourable guests were welcome by the host, Mr Nassos Martialis of Langeberg and Ashton Foods, and an introduction and overview as done by the Executive Deputy Mayor, Cllr Khanyile Klaas. Ms Jill Atwood-Palm, CEO of the South African Fruit and Vegetable Canners' Association (SAFVCA), provided an overview of the canning industry and highlighted the important role that Private Public Partnerships (PPPs) have played in the industry.

The key focus of PPPs is to create a sustainable platform for the growth and competitiveness of the industry. Ms Atwood-Palm also mentioned the concern with regard to the import of some products competing in the South African market that are sub-standard.

Dr Davies, in his keynote address, acknowledged the difficulties that local exporters have experienced during the past few years. He emphasised the important role that the PPP has played in the industry and the Government's recent attention to agri-processed products.

Dr Davies encouraged the industry to explore other new developing markets such as the BRIC countries (Brazil, Russia, India and China), as well as Africa. He mentioned that Africa is a great potential market that must not be overlooked by the industry.

In response to the concern regarding the importing of sub-standard products, Dr Davies indicated that attention needs to be paid to the quality of imports and that such products should be reported.

Mr Soyisile Mokweni, Municipal Manager of the Langeberg Municipality, concluded the meeting by thanking all participants attending.

Cllr Khanyile Klaas, Mr Soyisile Mokweni and Dr Rob Davies listen attentively.

Dr Rob Davies delivers his keynote address.

Keeping to the straight and narrow

THE Langeberg Municipality is strongly committed to observing the highest ethical standards in all its procurement activities.

As such, the Code of Conduct for suppliers has been prepared to provide a clear summary of the Langeberg Municipality's expectation from the suppliers in all procurement dealings, ensuring that internationally recognised procurement ethics are followed. Transparency and accountability should be strictly adhered to in all procurement activities.

The Langeberg Municipality's procurement ethics focuses on zero tolerance of corruption, avoiding any form of interest, and honest representation of suppliers' capabilities.

Suppliers are strongly urged to familiarise themselves with this Code of Conduct to ensure successful working relations with the Langeberg Municipality.

Policy on corruption and position on conflict of interest

The Langeberg Municipality expects all contracted suppliers and companies seeking to sell goods and services to conduct their business in accordance with the highest ethical standards. Suppliers or potential suppliers must strictly comply with all rules and regulations on bribery and corruption and avoid unacceptable business practices. Hence suppliers are expected to observe the following:

- They shall not, directly or indirectly, offer, give or agree or promise to give to any Langeberg Municipality staff any gratuity for the benefit of or at the direction or request of any staff of the Langeberg Municipality.
- They shall immediately inform the Langeberg Municipality in the event that any staff of the Langeberg Municipality solicits, or obtained, or has made an attempt to obtain gratification for himself/herself, or for any other persons.
- They shall immediately declare if any of the company's staff and/or officers had or have any relative employed with the Langeberg Municipality. Failure to make such declaration shall be construed as a conflict of interest and might result in the exclusion of the supplier from present and future procurement activities and/or other legal action as deemed fit by the organisation.

Representation from suppliers

The Langeberg Municipality expects all its suppliers to honestly declare and warrant that:

- It will comply with all rules, regulations and statutory requirements relating to the provision of the products/services to the Langeberg Municipality.
- It will not act in concert with other suppliers or agents when participating in a bid.
- It is a duly authorised/certified provider of the supplied products/services and shall not, expressly or impliedly, hold itself out to be an agent/representative of a third party provider of the same products/services.
- It will only supply products that are certified to be of merchantable and satisfactory quality.
- The supplier possesses the necessary capabilities, equipment and suitable place of business to perform its obligations.
- It shall not contract, subcontract or outsource any portion of the products/services, unless prior written consent from the Langeberg Municipality has been obtained.
- It shall maintain the highest standards of integrity and quality of work at all times.

Applicability of the Code of Conduct

This Code of Conduct shall apply to all suppliers, subcontractors and to other entities acting on behalf of them (subject to the approval of the Langeberg Municipality).

Monitoring compliance to the Code of Conduct

To facilitate the monitoring of suppliers' compliance with this Code of Conduct, the Langeberg Municipality expects suppliers to:

- Develop and maintain all necessary documentation to support compliance with the described standards; such documentation must be accurate and complete.
- Provide the Langeberg Municipality representatives with access to relevant records, upon the Langeberg Municipality's request.
 - Allow the Langeberg Municipality representatives to conduct interviews separately with the supplier's employees and with management.

- Allow Langeberg Municipality representatives to conduct announced and unannounced site visits of supplier locations.
- Respond promptly to reasonable inquiries from Langeberg Municipality representatives in relation to the implementation of the Code of Conduct.

Secure communication channels

The Langeberg Municipality has established a secure communication channel to enable the suppliers to raise their concerns confidentially and responsibly. If the supplier has questions about the Code of Conduct or wishes to report questionable behaviour or possible violation of the Code of Conduct, the supplier is encouraged and should contact the Langeberg Municipality at 28 Main Road, Ashton, 6715.

The Langeberg Municipality will not tolerate any retribution or retaliation by anyone against a concerned supplier who has, in good faith, sought out advice or has reported questionable behaviour and/or a possible violation. The Langeberg Municipality will take disciplinary action up to and including termination of contract for anyone who threatens or engages in retaliation, retribution or harassment of the concerned individual. Identities and contents of all information or complaints will be rated strictly confidential.

Sanctions

Breach of the Code of Conduct may result in actions being invoked against suppliers, in addition to any contractual or legal remedies. The actions applied will depend on the nature and seriousness of the breach and on the degree of commitment shown by the supplier in breach of its obligations under the Code of Conduct. The range of actions to be imposed on the supplier includes, but is not restricted to the following:

- Formal warnings – that the continued non-compliance will lead to more severe actions.
- Disclosure of the nature of the breach to all Langeberg Municipality subsidiaries and associate companies.
- Immediate termination of the contract, without resource.

Who is our new Deputy Mayor?

COUNCILLOR Khanyile Klaas was recently inaugurated as Deputy Mayor of the Langeberg Municipality. We had a quick chat with him.

Tell us more about yourself.

I was born in Ashton as the eldest of three children. I completed my schooling career at Ashton CP and matriculated in 1996. Due to financial constraints, I couldn't finish my law degree at the University of South Africa. I became active in community development and joined Cope in 2008 before being earmarked for the position of public representative of the party in the Langeberg municipal area.

What would you like to achieve as Deputy Mayor?

Local Government is the cornerstone of an effective

governing system and without an effective and transparent municipality, run by active citizens, the people have no voice and cannot enjoy the freedom that South Africa established in 1994. We have set three bold but realistic tasks for the Langeberg Municipality:

- To take the power to the people.
- To ensure equal rights and dignity for all.
- To strive for the building of a better life for all.

What are you passionate about?

My passion is to stand for and with the poor and be a voice for their plight for a better life in our beloved municipality.

What is your commitment to the community?

Going forward, I want to ensure the community of an

open door policy to the office of the Deputy Mayor. We hope that, together, we can ensure that better service delivery takes place, that decent dwellings are created and a better quality of life for all. Furthermore, I will work to ensure that the rights of children, the youth, the elderly and the disabled are respected and enforced by removing from society the immoral behaviour which results in all sorts of ills against them.

We have all hands on deck, and are committed to conduct our business in an unusual and more effective fashion. As councillors, municipal employees and communities in the Langeberg municipal area, we will then be able to give meaning to "A New Agenda for Change and Hope for All".

THE municipal emergency and customer call centre is a 24-hour, seven-days-a-week call-answering facility for emergencies and for customer queries within your respective wards.

Please report the following types of complaints directly to the call centre in order to speed up service delivery in your ward. Alternatively, you may report complaints to your community liaison officer (CLW) during normal office hours.

- Water and sanitation services (pipe bursts, sewerage blockages/septic tanks, leiwatervatprobleme, water meter leakages)
- Streets and storm water (potholes, blocked storm water canals/pipes, damaged streets)
- Electricity services (electricity interruptions, electricity blockages [after hours and weekends], street lighting problems)
- Environmental services (dirty streets and pavements, illegal dumping of refuse, refuse removal, municipal skips, pruning of trees, building rubble)

We commit ourselves to values of dedication and commitment, service excellence, respect for human dignity, integrity, efficiency, effectiveness and accountability, and therefore the customer care service strives to:

- Be friendly, enthusiastic and helpful to all clients.
- Listen and promptly respond to comments, suggestions and complaints.
- Be attentive and sensitive to individual needs and requirements.
- Serve all clients as equal, irrespective of race, gender, colour, language, etc.
- Putting people first, by going beyond the call of duty.

The number **0860 88 11 11** will connect you to a trained operator who will alert the emergency services or assist you with a query or complaint.

The operator will electronically log in the caller's details and the nature of the query or complaint on the municipal computer system.

The relevant department or directorate will then be informed immediately and will attend to the query.

Members of the public may request a customer complaint number to be able to follow up on the progress.

It is of the utmost importance that, when registering the complaint, the operator is given all relevant details such as the name, address and contact details of the caller.

In die vorige Langeberg Express is per ongeluk versuim om te sê dat die gesinne Olivier en Malherbe, wat Hoërskool Robertson verteenwoordig het, ook die funksie bygewoon het waar die Langeberg se topmatrieks van 2011 verer is. Ons wens hulle baie geluk.

Uncovering talent

WELL-KNOWN e.tv soap star Jamie Bartlet, from Rhythm City, visited the Langeberg municipal area on 5 April and had a soulful talk with our young stars at the Robertson Civic Hall. Bartlet talked about arts, culture and characterisation and motivated our youth to make the right choices in life. The Municipality's local economic development division embarked on a series of projects to develop the performing arts and culture within the area and to uncover local talent in all five towns.

This will include future projects to develop young talent within the area.

Past events included a musical extravaganza, held at the Montagu Community Hall in January 2011. Groups like the Ashton Male Voice, the St Moses Male Voice, Luxolo Gospel Group from Zolani, Rhyen Las and Grant Adams from Montagu participated.

Another event, which was hosted in February, was the dancing dance-off Shook what their mama gave them at the

Callie de Wet Hall in Robertson. The entries were overwhelming, and included the likes of VIG, Stars of Tomorrow Dancers, Lonwabo Matayi of Nkqubela and Zolani's AmaEitas.

On the Sunday at Zolani's Community Hall, Stars of Tomorrow, Curtain Call African Spears and Zolani's Masakhane Youth in Action captivated the audience with relevant story lines.

A performance by Montagu's Anna and Sarie was a show stopper with their musical comedy. Mic Stand

of Nkqubela and Mayoli of Zolani ended the day with a rap battle and the crowd could not contain themselves as they stood up, danced and cheered. The talent that the Langeberg has exhibited is truly amazing and we are excited to assist in developing these talents. For more information in this regard, please contact Mr P. Salman on 023 626 8200.
