The Dassieshoek Dam in Robertson is currently at full capacity.

Langeberg Municipality lifts water restrictions

Based on a re-assessment of the water situation in Langeberg area, the Langeberg Municipal Council has lifted water restrictions, effective from the next meter reading and billing cycle after 1 June 2018.

Over the past two months the catchment area of the Breede River received good rainfall in the Witzenberg and Ceres mountain ranges. This has resulted in an increase of natural flow in the Breede River that exceeds the current water demand, and the Langeberg Municipality has therefore decided to lift the current water restrictions until further notice.

As long as this natural flow in the river continues we have no reason to restrict its use. What is not used or stored now, will basically be lost at sea," said Isak van der Westhuizen, Director: Engineering Services.

The Brandvlei Dam, which provides about 50% of Langeberg Municipality's raw water supply, is reliant on winter rainfall in the Du

Toits Kloof and Rawsonville mountain ranges. Rainfall in this area has also been above expectation, lifting the dam level to 19% on 20 June 2018, compared to 14% at the same time last year.

Currently, no water is being released from the Brandvlei Dam, and all of this winter's rainfall is being stored for release during the dry summer months.

At the end of the winter rainfall season when the natural flow of the Breede River stops, we are again dependent on water released from the Brandvlei Dam into the Breede River, to provide for about 50% of the water demand of the Langeberg Municipality.

"The Langeberg municipal dams are currently full, with the capacity to supply Langeberg's water demand for about three months (with no rainfall)," says van der Westhuizen. "During these winter months there is also a decrease in the irrigation needs of the agricultural sector, putting less

strain on the water supply."

Residents must, however, be aware that water restrictions may be implemented again after the winter rainfall season is over. Depending on the level the Brandvlei Dam reaches by October, council will reassess the situation.

Although we have enough water now, water must always be used responsibly. Continue to save and store water for the summer months when the Brandvlei Dam may again be one of our main sources of water supply, and we may have to face water restrictions again.

Waterbeperkings opgehef

Ná die Langeberg-munisipaliteit die huidige waterkrisis hersien het, het hy besluit om die waterbeperkings op te hef.

Dié opheffing gaan met die volgende meterlesing na 1 Junie plaasvind.

Die afgelope twee maande het die opvangsgebied van die Breederivier-omgewing goeie reën in veral die Witzenberg- en Ceresbergreeks gekry.

Dié goeie reënval het daar toe gelei dat die natuurlike vloeい van die rivier nou sterker is en die voorsiening oorskry nou die huidige waternaamraag. As gevolg hiervan het die Langeberg-munisipaliteit besluit om die waterbeperkings op te hef tot verdere kennisgwing.

"Solank die natuurlike vloeい voortduur, het ons nie 'n rede om met die waterbeperkings aan te hou nie. Wat ons nie nou gaan gebruik of opgaar nie, gaan in elk geval verlore gaan in die see," het Isak van der Westhuizen, direkteur van ingenieursdienste gesê.

Die Brandvleidam, wat 50% van

Langeberg-munisipaliteit se "rouwater" verskaf, is afhanglik van die winterreënval in die Du Toitskloof- en Rawsonville-berg. Reënval in dié omgewing is ook bo verwagting goed wat die damvlakte in dié omgewing tot 19%, gemeet 20 Junie, gebring het in vergelyking met die damvlak van 14% verlede jaar.

Tans word daar nie water van die Brandvleidam vrygelaat nie, wat beteken dat al die winterreën opgegaar word en eers in die droë somermaande gebruik gaan word.

Aan die einde van die winterreënvalseisoen, wanneer die natuurlike vloeい van die Breederivier stop, is die omgewing weer afhanglik van die watervrylating van die Brandvleidam na die Breederivier om ongeveer 50% van die waternaamraag in die Langeberg-munisipaliteit na te kom.

"Die damme van die Langeberg-munisipaliteit kan tans (sonder enige verdere reënval) aan die waternaamraag van die Langeberg voorsien. In die

wintermaande is daar ook 'n afname in die besproeiingsbehoeftes van die landbousektor, wat minder druk op die watervoorsiening plaas," het Van der Westhuizen gesê.

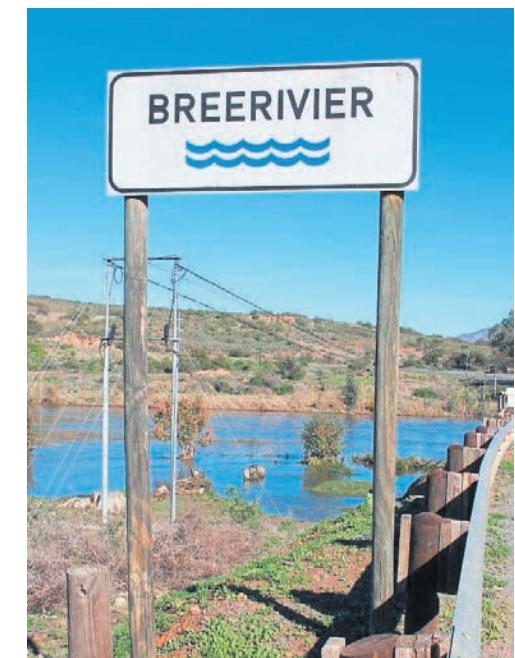

Inwoners moet bewus daarvan wees dat waterbeperkings weer ingestel kan word as die reënseisoen verby is.

Na gelang van hoe die damvlak van die Brandvleidam in Oktober gaan lyk, sal die munisipaliteit die situasie rakende waterbeperkings hersien.

Al is daar op die oomblik genoeg water, moet water altyd verantwoordelik gebruik word. Hou aan met waterbesparing vir die somermaande wanneer die Brandvleidam weer een van die hoofbronne van water gaan wees en waterbeperkings weer ingestel moet word.

UMasipala waseLangeberg ususa imiqithango yokuthintela kokusetyenziswa kwamanzi

Ngokusekelwe kukuholwa kwakho kwemo yamanzi kummandla waseLangeberg, iBhunga likaMasipala waseLangeberg liyisusile imiqathango yokuthintela kokusetyenziswa kwamanzi, oku kuzakwenzeka kumjikelo olandelayo wokufundwa kweebhokisi zemitha zamanzi naxa kuza kuqulunqwa iintlawulo zamanzi emva komhla woku-1 Juni 2018.

Kwezinyanga zimbini zidlulileyo iindawo ezikhongozela amanzi kuMlambo waseBreede ifumene iimvula ezintle kakhulu kwakunye nezo zikukhahlamba lweentaba zaseWitzenberg nezaseCeres. Oku kubangele ukuphakama kwindlela amanzi aqenqeleta ngayo kuMlambo iBreede ntleyo yenza ukuba amanzi kuwo abengaphezulu komlinganiselo wamanzi adingwayo ngenxa yoko uMasipala waseLangebergw wagqiba kwelokuba ayisuse imiqathango ekhoyo yokuthintela ukusetyenziswa kwamanzi kude kubuye kwaziswe.

Ukuba nje ukuqenqeleta kwamanzi kulomlambo kusaqhube, asinaso isizathu sokuthintela ukusetyenziswa kwavo.

"Amada kaMasipala waseLangeberg ngoku agcwele, akumthamo wamanzi onokwazi ukubonela iimfuno zamanzu zaseLangeberg ukuya malunga neenyanga ezintathu (nokuba akukhange kune mvula).

Kwelixesha leenyanga zasebusika kuye kuhle ukusetyenziswa kwamanzi emibhobho yokunkcenkceshela ehamba phantsi komhlaba, nasetyenziswa kwiindawo zezolimo, ntleyo ethi inciphise uxinzelelo kwiimfuno zamanzu," utshilo uvan der Westhuizen.

Abahlali kufuneka sekunjalo baqonde ukuba imiqathango yokuthintela kokusetyenziswa kwamanzi ingahle isetyenziswe emva kokuphela kwexesha lokuna kweemvula zasebusika. Kuxhomekeka ukuba uyakube usithini umlinganiselo elifikelela kuwo iDami laseBrandvlei ngo-Oktobha, iBhunga lingaphinda liyhlolisise kwakhona lemo.

Kubike ukonakaliswa, ngoba kusichapazela sonke

Eleke nyaka, uMasipala waseLangeberg uchitha amawaka eerandi ekulungiseni iindawo ezonakalisiwego. Okubuhlungu, isinanzi zizinto ezithi zibonelele uluntu kwindawo zokuzonwabisa nto ezo eziye zibenegalelo kwintlalo-tle yalo, ezhhlala zisonakaliswa – ingakumbi, izinto ezakhiwe kwiindawo ezithe qelele ezingekho sesihleni sabantu. Amabala ethu ezemidlalo, iipaki, imizila kwiindawo yokunyuka iintaba kunye nasemangcwabenzi zezona-zona ndawo ezeloloko zisesichengeni sokuhlaselwa.

Umasipala kuye kufuneke jikelele, enze isigcwangciso kwaye abenesibonelelo anaso kwizinto eziphelelwa ngaxabiso, esokugcina izinto zisemngangathweni kwanesokuzilungisa kuhlahlo-lwabiwo mali laminyaka. Ukonakaliswa sekunjalo, kubangela iindleko ezingapheliyo nekuye kunbenzima ukuzicacisa. "Kunzima ukunika umlinganiselo wesixa-mali esichithwa ekulungiseni izinto ezonakalisiwego, ngoba kaloku ukusoloko kuchithwa imali kulungiswa izinto ezinye ezonakalisiwego okokoko kungabonakala ngongathi kukusetyenziswa kwemali ngendlela engekhosemthethweni. Ngexa yeso sizathu, izinto ezifana namacingo, ukonakaliswa kwezindlu zangasese kunye neebhentshi kuba ngcono xa zisuswa zona kunokuba zingalungiswe," utshilo uMichelle Huckelsby, uMcedisi-Mphathi: kwiiPaki.

Imali yokuzilungisa okoko ngenxa yokubangelwa ngumonakaliso ngekungcono ukuba ichithwa kwezona zidingo zizo zeprojeki zoluntu kunye nasekuphuculweni kokusiwa kweenkonzo eluntwini, kodwa kananjalo ayingekhe icacise ukuba kutheni lento iimfuno zoluntu zokufumana iindawo zokuzonwabis, zokuhlala kwiindawo ezikhuselekileyo kunye nokuphathwa ngesidima, njalonjalo, umasipala engakwazanga ukuzihlangabeza nalo msebenzi, nanjengoko kumiselwe kwayalewa kuMgaqo-siseko waseMzantsi Afrika.

Kucacile nje ukuba umonakaliso yingxaki enkulu kwindawo kamasipala waseLangeberg, ngxaki leyo umasipala angenakwazi ukuyilwa eyedwa. Iyasichapazela sonke kwaye kufuneka siyilwe sonke.

Meld vandalisme aan, dit beïnvloed almal

Elke jaar bestee Langeberg-munisipaliteit duisende rande om geriewe, wat deur vandalisme vernietig is, te herstel. Die skokkende feit is dat die meeste van die geriewe wat gereeld gevandaliseer word 'n doel in die gemeenskap dien en die welstand van die gemeenskap 'n hupstoot gee. Wat die situasie nog vererger, is hierdie geriewe is gewoonlik op verafgeleë plekke geleë. Die geriewe wat die meeste onder vandalisme deurloop, is sportterreine, parke, staproetes en begraafplase.

Die munisipaliteit begroot jaarliks 'n sekere bedrag vir die instandhouding van geriewe, maar vandalisme veroorsaak dat Langeberg-munisipaliteit gereeld moet geld bestee om die gebroke fasilitete te herstel wat weer druk op die munisipale begroting, die belastingbetalers se sak en dienslewering aan die gemeenskap plaas.

Die uitwerking wat vandalisme op die samelewning het, is kommerwekkend. Dit het 'n invloed op almal se lewe – nie net op almal se behoeftes nie, maar ook hul welstand en grondwetlike reg tot veiligheid en om waardig te voel.

"Dit is moeilik om die hoeveelheid koste aan herstelwerk te bepaal wat deur vandalisme veroorsaak word, want die herhaalde herstel van

Parke word veral gereeld deur vandale geteiken

dieselfde fasilitete of toerusting kan as 'n onnodige uitgawe beskou word. Om hierdie rede word geriewe soos stukkende heinings, gebroke toilette en stukkende parkbankies eerder verwyder as herstel," sê Michelle Huckelsby, assistentbestuurder: Parke.

Geld vir die herhalende herstel wat vandalisme aanrig, kan beter bestee

word aan byvoorbeeld gemeenskapsprojekte en dienslewering. Vandalisme ontneem nie net die gemeenskap om aan sport deel te neem, in 'n veilige omgewing te woon en om met waardigheid hanteer te word nie, maar ook die munisipaliteit om sy grondwetlike pligte na te kom.

Die gemeenskap benodig veilige en

netjiese begraafplase, waar grafte nie geskend word nie, en ook werkende openbare toilettereie met waterpunte. Verder is veilige en netjiese sportterreine, parke, sale en ander openbare geriewe ook belangrik vir die opbou van 'n gemeenskap. Die gemeenskap het al die geriewe nodig wat vandalisme keer op keer vernietig.

Dit is duidelik dat vandalisme 'n groot probleem in die omgewing van die Langeberg-munisipaliteit is en een wat die munisipaliteit nie alleen kan hokslaan nie. Dit beïnvloed almal, dus moet almal teen vandalisme staan.

Gemeenskappe kan nie meer alleen op die munisipaliteit staatmaak om die gemeenskapshulpbronne te beskerm nie. As deel van die openbare hulpbronne moet die gemeenskap met trots die munisipaliteit help om dit te beskerm. Die gemeenskap moet die oë en ore wees en inligting rakende vandalisme dadelik aanmeld. Dit is belangrik om vandalisme vroeër eerder as later aan te meld - vóór die uitgawes om die fasilitete te onderhou, onbekostigbaar is.

Die verwoesting van publieke en private eiendom is 'n kriminele oortreding en skuldiges kan deur die wet gestraf word. Die Langeberg-munisipaliteit doen 'n beroep op die gemeenskap om vandalisme by 086 099 1111 of die polisie by 10111 te rapporteer.

Report vandalism, because it affects us all

Each year, Langeberg Municipality spends thousands of rands on repairs to vandalised facilities. Sadly, it is mostly the facilities that have a purpose to provide communities with recreational space, and which contribute to their well-being, that are frequently targeted — even more so, those situated in isolated areas. Our sports grounds, parks, hiking trails and cemeteries are more and more the pick of vandals.

The municipality must, in general, plan and provide for depreciation, maintenance and repairs in its annual budgets. Vandalism generates recurring expenses that are difficult to justify. It burdens municipal budgets, ratepayers' pockets and service delivery to our communities in general.

The detrimental effect of vandalism on society is broad. It ripples through almost every aspect of people's daily lives, their needs, well-being and constitutional rights to dignity and safety.

"It's hard to quantify the amount spent on repairs due to vandalism, because repeated repairs of the same equipment/facility can be interpreted as wasteful expenditure," said Michelle Huckelsby, Assistant Manager: Parks. "For this reason items like the fences, vandalised toilets and benches are rather removed and not replaced."

Funds for recurring repairs owing to vandalism could be better spent on other much needed community projects and service delivery improvements, yet the costs of communities meeting their need to engage in recreational activities, to live in a safe environment and be treated with dignity, and so on, are not being met by the municipality, as per its obligations enshrined in the

One of many damaged tombstones at the Robertson graveyard.

Constitution of South Africa. This the municipality has been unable to justify.

We need safe and protected cemeteries where graves are not desecrated, we need clean, working public toilets and water points as well as safe, well kept sports grounds, parks, halls and other public amenities. We need all those things that vandals keep on destroying time after time.

It is clear vandalism is a huge problem in the Langeberg municipal

area, one the municipality cannot fight alone. It affects us all and must be tackled by all.

Communities can no longer rely on the municipality alone to safeguard community resources. As custodians of these public resources, communities must take pride and assist in every way possible to protect what is theirs. Communities must be the eyes and ears that always see and hear, and be the immediate source of reports of acts or incidents of unsavoury behaviour,

destruction and vandalism.

It is important to report vandalism sooner, rather than later — before unattended problems become irreparable or maintenance costs escalate sky high.

The destruction of public and private property is a crime punishable by law. We urgently appeal to the community to report all acts of vandalism by calling the Langeberg Municipality's Call Centre on 0860 88 1111 or the South African Police Services on 10111.

Project gives purpose to homeless

Langeberg Municipality in collaboration with the Doulos Trust have launched a new cleaning project, starting at the overgrown Willem Nels River in Robertson. With winter season in full fledge this wild vegetation can hinder the flow of water when heavy rainfall occurs.

The Doulos Trust is a non-profit organisation that has been in existence since 2001. The organisation aims to help the homeless by providing essential resources to them; the end goal being to get them off the streets.

"Before this project I used to be a vagrant but now I'm able to work for my own money," said Jan Everson, who is taking part in the programme. He continues: "I now have a purpose when I wake up in the morning and am very grateful to be a part of the project. Begging for money was probably one of the hardest thing for me to do."

Everson tells of a recent excursion to a local clothing shop. "Being able to buy my own clothes was such a rewarding experience.

A few months ago something as basic as buying a T-shirt would not have been possible."

Project participant, Jan Everson, cleans the overgrown river.

Every human being has the right to be treated with dignity, but society tends to treat the homeless

with disregard. This is due to some of the homeless using money or donations given to them to buy

illegal substances and alcohol. Although this is a common tendency, it is not always the case, and some of them are really desperate and in need of essential resources.

Vincent Andries, founder of the Doulos Trust, has been working with the homeless tirelessly for many years. "It's a passion of mine, I can't imagine doing anything else," he said.

"I assist the homeless [sometimes at his own expense] as much as I can to ensure they have the basics. Many of them have been on the streets for a lot of years, and getting them into a new routine is usually the hardest when working with a new group."

But Andries believes in them, and "even if it means I have to go and literally wake them up at 5 o'clock in the morning" he will do so.

"The five men currently involved with this project have made great strides since the project's inception," he said. "We work well together and I am immensely proud to see how much they have grown as individuals."

For more information on the Doulos Trust and how to support it, contact Andries on 079 690 1789.

Projek gee doel aan haweloses

Langeberg-munisipaliteit in samewerking met Doulos-trust het 'n nuwe skoonmaakveldtog van stapel gestuur.

Die projek gaan die beboste Willem Nelsrivier in Robertson onder hande neem. Met die winterseisoen in volle gang, kan die plantegroei die vloei van die rivier verhinder.

Die Doulos-trust is 'n organisasie sonder winsbejag wat in 2001 gestig

is. Dié organisasie se doelwit is om die haweloses met die nodige hulpmiddels te help en om hulle dan aan die einde van die dag van die straat af te kry én af te hou.

"Voor ek deel van dié projek was, was ek 'n swerwer sonder 'n huis en enige heenkome, maar vandag werk ek vir my eie geld," vertel Jan Everson wat deel van Doulos-trust se projek is. Hy vertel verder: "Elkeoggend as ek wakker word, weet ek

dat ek 'n doel in die lewe het en ek is baie dankbaar om deel van dié projek te wees. Om vir geld te bedel, was seker een van die moeilikste dinge vir my om te doen."

Everson vertel van sy onlangse besoek aan 'n klerewinkel: "Om my eie klere te kon koop, was só 'n bevredigende ondervinding. 'n Paar maande gelede kon ek nie eens my eie T-hemp koop nie."

Volgens Vincent Andries, die

stigter van die Doulos-trust, het elke persoon die reg om met waardigheid behandel te word, maar die samelewings behandel dié mense soms sonder enige respek aangesien van die haweloses die geld of skenkings wat aan hulle gegee word vir onwettige middele of drank gebruik. "Hoewel dit 'n algemene neiging is, is dit nie altyd so nie," het hy gesê.

"Sommige haweloses is rērig desperaat vir die basiese benodigdhede."

Vincent werk al vir jare onverpoos met die haweloses. "Dit is een van my passies. Ek kan nie myself voorstel iets anders doen nie. Ek ondersteun die haweloses sover as wat ek kan – soms op my eie onkoste. Sommige van die haweloses is al jare op die straat en om hulle deel van die groep te maak en 'n nuwe leefstyl aan te leer, is soms 'n groot uitdaging."

Andries glo dat hy 'n verskil in die haweloses se lewe kan maak.

"Al beteken dit soms dat ek self hulle 05:00 moet wakker maak, dan doen ek dit."

Die vyf mans wat tans deel van die projek is, toon volgens Andries baie goeie vordering. "Ons werk baie lekker saam en ek is verskriklik trots om te sien hoe hulle as individue groei."

Vir nog inligting oor die Doulos-trust en hoe om by dié organisasie betrokke te raak, bel Andries by 079 690 1789.

Iprojeki inika injongo kubantu abahlala ezitalatweni

UMasipala waseLangeberg ebambisene noMbutho iDolous baqalise iprojeki entsha yokucoca, nezakuqaliswa kuMlambo iWillem Nels eRobertson nekukhula kuwo izityalo zasendle ezinanzi.

Nanjengeko sesingene ngammandla kwixesha lasebusika ezi zityalo zasendle zingakuthintela ukuhamba kwamanzi xa iimvula ezinkulu zisina.

"Phambi kokuba ndibe kuleprojekti ndandihla ndinyuka ndingqiba ezitalatweni kodwa ngoku ndiyakwazi ukuyisebenzela imali yam," utshilo uJan Everson, nothatha inxaxheba kule nkubo. Waqhube ka esithi: "Ngoku ndinesizathu xa ndivuka ekuseni kwaye ndinombulelo omkhulu ngokuba yinxalenye yaleprojekti. Ukucela imali ebantwini kwakuyeyona nto yayinzima kakhulu ukuyenza."

UEverson usixebole malunga notyelelo lwakhe lwakutshanje kwivenkile ethingasa impahla yalapha. "Ukwazi ukuzithengela iimpahla yam kwaba kokona kuvuswa kwandivisa kamnandi. Kwiinya ezingaphambili, into

Wonke umntu unelungelo lokupathwa ngesidima kodwa uluntu lunomkhwa wokupathwa abantu abahlala ezitalatweni

ngendlela enganankathalo. Oku kubangelwa yinto yokuba abanye babantu abahlala ezitalatweni bayisebenzisa imali okanye iminikelo abayifumeneyo ngokuthenga izinto ezingekho semthethweni okanye

utywala. Noxa oku isisenzo esiqhelekileyo, akusoloko kusenzeka njalo kwaye abanye babo bayidinga ngokwenene kuba beyifunela izinto ezibalulekileyo.

UVincent Andries, nongumsunguli woMbutho iDolous, usebenze ngokuzinikezela kunye nabantu abahlala ezitalatweni iminyaka emininzi. "Yinto endiyithandayo, andiziboni nje ndisenza enye into. Ndinceda abantu abahlala ezitalatweni [ngamanye amaxesha esebeenzisa imali yakhe] kangangoko ndinakho ukuqinisekisa ukuba banazo izinto ezisisekelo zokuphila. Isininzi sabo siphile ezitalatweni iminyaka emininzi, kwaye ukubenzisa into entsha nabangaqhelanga kuyenza kokona kunzima kakhulu xa usebenza ngeqela elitsha."

Kodwa uAndries uyakholelwa kubo kwaye "nokuba kuthetha ukuthi kufuneka ahambe ayokubavusa ngokwakhe ngo-5 ekuseni" uyakuyenza lonto. "Amadoda amahlanu nayinxalenye yaleprojekti selezenzele umehluko omkhulu koko kwaqiliswa leprojekti. Sisebenzisana kakuhle kakhulu kwaye ndiyazingca ndakuyibona indlela abakhule ngayo umntu nganye."

Puppets teach about bullying and addiction

A puppet show organised by Langeberg Municipality in collaboration with the Western Cape Education Department was presented to learners at six primary schools. The show focused on creating awareness around bullying, drug and alcohol abuse. In total more than 500 learners were reached with the puppet show. The main messages were focused on encouraging young pupils to refrain completely from using illegal substances, which can destroy their lives, and that bullying is unacceptable and should be reported to a teacher or a parent.

Langeberg is full of talented youths waiting to be discovered

Langeberg Municipality, in collaboration with the Rural Arts Development (RAD) Foundation, hosted its annual Langeberg Kultuurkis at the Happy Valley Community Hall in Bonnievale.

Guests were entertained with first class performances by the talented youth. An estimated 400 spectators witnessed the region's young talent in the arts and drama sector perform on 16 June in celebration of Youth Day.

"Each performance had a message for the youth of hope, faith and self-worth said RAD Foundation CEO, Helen Gooderson. "It was

heart warming to hear the strong voices of our youth address social issues such as bullying, substance abuse and harassment."

The RAD Foundation conducted auditions prior to the festival, to identify the talent within Langeberg region. Once the acts were selected they were given training by the RAD Foundation to improve their performance. These groups and individuals will continue to receive further training to refine their craft.

Langeberg Municipality would like to acknowledge all the participants of the Langeberg Kultuurkis on their excellent performance.

Arts and crafts for disabled

A total of 25 disabled people from Robertson and Bonnievale recently took part in a craft programme presented by Langeberg Municipality.

Those attending it were eager to learn new skills, such as making key holders, bracelets and necklaces.

The aim of the programme was to empower people with disabilities who are able to work with their hands.

Participants were taught the necessary skills to create beautiful craft items that will assist them in generating an extra income for themselves.
