The reconstruction of August Street in Nkqubela (Robertson), one of six road projects in the Langeberg municipal area, was recently completed.

Road projects in the Langeberg area

Every year a large portion of the Capital Projects budget is allocated towards upgrading the road infrastructure within the Langeberg Municipal area. The 2020-2021 financial year has allocated a total budget of R69 million towards six major road upgrade projects.

These projects are prioritised

according to the Local Integrated Transport Plan and Pavement Management System.

Due to the Covid-19 national lockdown, implemented on 27 March 2020, five of these projects are rolled over from the previous 2019-2020 financial year into the current financial year.

The five road projects are now well underway with the contractors

appointed. The sixth project, comprising the rehabilitation and paving of Church Street, Adderley Street and Industrial Street in Robertson, is now at design phase, to commence later this year.

On page 2, find a detailed breakdown of each of the current road projects in the Langeberg municipal area and their current status.

Meet Langeberg's new municipal councillors

The Langeberg Municipality welcomes new proportional representative councillors Cllr EW Hohlo (DA) and Cllr LJ Prince (DA), appointed on 5 August and 9 September 2020 respectively.

Proportional representative councillors represent a political party in the municipal council, and are elected through the system of proportional representation.

"We welcome the new councillors and

are enthusiastic to work together to serve the community of the Langeberg municipal area," the Executive Mayor, Ald SW van Eeden, said.

The duties of the new councillors include – but are not limited to – representing the people in the municipality, cooperating with other councillors in the best interests of the community, and communicating the needs of the residents to the municipal council.

Paaieprojekte in die Langeberg-omgewing

Elke jaar word daar 'n groot bedrag van die kapitale projekte se begroting aangewend vir die opgradering van die paaie binne in die Langeberg-munisipale gebied.

Die 2020-'21-boekjaar het 'n totale bedrag van R69 miljoen begroot vir ses paaie-opgraderingsprojekte. Dié projekte gaan volgens die plaaslike geïntegreerde vervoerplan en sypaadjiebestuurstelsel geprioritiseer word.

As gevolg van die Covid-19-pandemie en die nasionale staat van inperking wat op

27 Maart ingestel is, het vyf van dié projekte, wat vir die 2019-'20-boekjaar beplan is, na die huidige boekjaar geskuif.

Werk aan dié vyf projekte is nou in volle gang met die kontrakteurs wat onlangs aangewys is.

Die sesde projek, wat die opgradering van die plaveisel in Kerk-, Adderley- en die Nywerheidstraat in Robertson insluit, is nou in 'n ontwerpfasie en gaan later die jaar begin.

Onderstaande grafiek is die uiteensetting van die huidige paaieprojekte in die Langeberg-munisipale gebied.

ZERO TOLERANCE

The Langeberg Municipality has adopted a zero-tolerance approach to the illegal building and construction of structures on municipal land.

This also includes the construction of illegal dwellings on vacant privately-owned land without the explicit permission and approval of the owner.

Our stance is based on our people-centred approach to development that re-emphasises our resolve that all our citizens should have access to quality basic municipal services.

The construction of illegal shacks that would be used for residential purposes jeopardises housing and service delivery plans and poses major safety and health risks for those who will live in it and those around it.

Illegal shacks and dwellings also disrupt planning

programmes as these shacks are often built on land earmarked for other purposes or it is built in areas where it is impossible to ensure access to quality municipal services.

While we understand the frustration with the slow pace of housing delivery, we will continue to work with the provincial and national governments to make our area a priority for housing.

We call on all our citizens to work with us to stop the construction of illegal shacks and dwellings in our municipality.

By calling the municipal call-centre on 0660 88 1111 or sending a WhatsApp message to 065 211 7822, you can help us stop the construction of illegal structures in our municipality.

Help us create a safer Langeberg for all.

Where to buy electricity and pay your municipal accounts

The Langeberg Municipality's cashier offices used to be the primary location where residents could buy electricity or pay municipal accounts. Now, buying pre-paid electricity or paying your municipal account is quick and easy, and it can be done from any location through a variety of online platforms, or at a nearby shop.

Due to Covid-19, residents are now encouraged to make use of these alternative methods to pay their accounts while maintaining a safe social distance and avoiding the long queues. Residents must please note they must have their meter number and/or account number at hand when making use of these platforms.

Paying your municipal account

Your municipal account can be paid via online banking, by adding the municipality as a beneficiary or making a direct deposit at your nearest bank. Once you have registered another online alternative, EasyPay, can be used to pay your municipal account.

You can also pay your

municipal account and/or buy electricity at Checkers, Pick 'n Pay, Pep, Shoprite, Spar and Usave stores. When paying at these stores ensure you provide your municipal account.
